SERVING RHODE ISLAND & EASTERN CT

THE WASH IS NOT THE JOB.

It is everything around the wash that eats your time, money, and energy.

- **THE LAST LOAD**
You get home late. The truck still needs a wash. Dinner, bedtime, or the kids' game gets pushed.
- **THE PHONE**
That missed call, quote, or bill does not wait while you scrub a truck. One missed call can cost a job.
- **THE LOOK**
Dirty equipment gets noticed. Customers, crews, and other drivers see what you put on the road.
- **THE WEEKEND**
A Saturday wash can take the time you wanted for family, friends, or just a break. You should not need a second
- **THE GEAR**
Hoses, pumps, chemicals, storage, repairs. You pay in cash before you ever wash a truck.

YOU DO NOT NEED ANOTHER JOB.

Let Shining Knight own the wash so you can own your time - and show up for the people who count
